

Romanian TofIE's book:

[Neurodiversitatea în învățământul superior. Instrumente pentru o educație universitară incluzivă pentru studenții cu tulburări specifice de învățare](#)

Belgium article:

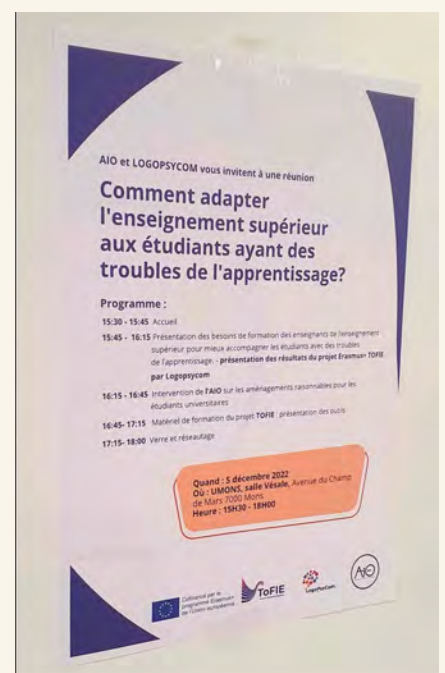

[TofIE: the injustices faced by people with learning disorders.](#)

Final Events

Belgium:

The Final Event was held the 5th of December, it was a succesfull event.

United Kingdom:

CLP's presentation took place in Edinburgh with 30 people attending. After the initial introduction to the Erasmus programme, an ice-breaker exercise followed so that attendees would get to know each other and feel more comfortable.

The project's website, Outputs and specifically the Handbook were presented, along with another activity, through which attendees can recognise their own barriers to inclusion and how these can affect their teaching practise. Some attendees commented on how there is a need for this kind of materials as it is indeed very difficult to distinguish between learning and linguistic difficulties of migrant learners.

Participation was constant, people were enjoying the presentations and activities and there were lively discussions throughout the event.

Stay tuned to catch next Final Events!

Multiplier Events held from summer to december:

Spain:

103 attended the dissemination event held in the University of Seville.

Romania:

The 4th of November, UPIT held their Multiplier Event.

Greece:

EELI held their Multiplier Event on 10th of October. Participants enjoyed the event and qualified it as insightful project and event.

Tools for Inclusive Education ToFIE project team met for the last (at least for this project) time in [Seville, in INCOMA](#). Two working days were intensive and passionate about inclusive education in HE, flamenco and Andalusian gastronomy.
